The Longmeadow Educational Excellence Foundation (LEEF) is a private, volunteer, nonprofit educational foundation that was created to enrich and enhance the quality of education in the Longmeadow Public Schools. We are committed to underwriting grants to provide our teachers and administrators opportunities for innovative educational and enrichment programs beyond the tax supported budget. Since its founding in 2001, by a group of dedicated parents, LEEF has funded 307 teacher grant requests, totaling more than \$1,064,000, to Longmeadow Public Schools. LEEF maintains both a Sustaining Fund and a Permanent Endowment with the Community Foundation of Western Massachusetts.
